

*I went to the woods because I
wished to live deliberately, to
front only the essential facts of life,
and see if I could not learn what it had
to teach, and not, when I came to die,
discover that I had not lived.*

—Henry David Thoreau

We're inviting the community to help pave "A Walk to the Woods." This phrase is derived from the words of Henry Thoreau, who sought to learn from the land. The brick walk leads from the Nature Center—a center of learning—into the Reserve.

You can help us "pave the way" by purchasing engraved bricks along this walkway:

- Commemorate family milestones
- Honor family members & friends
- Showcase your company's commitment to the community
- Help fund the programs and facilities of HWR

All funds raised through brick sales will be used to fund the nature center and its programs.

Contributions are tax deductible.

Heckrodt Wetland Reserve includes 76 acres of forested wetland, wetland meadow, open water, and upland field communities. There is a wheelchair and stroller-friendly 3+ mile trail system, much of which is boardwalk, allowing access to the wetland without getting wet feet! The Reserve is home to a variety of mammals, birds, insects, reptiles, and amphibians. Facilities include a nature center with indoor living wetland and live reptiles, amphibians, and fish as well as mounted specimens of Wisconsin mammals and bird species. Educational programs are provided for schools, daycare centers, special focus groups (pre-school, grade school, scouts, and senior citizens), and the general public. Our goal is to provide visitor education while fostering an ethic of environmental stewardship in a fun, hands-on atmosphere.

HWR is a nonprofit 501(c)3 organization
